My design philosophy is to solve people's problems with distinctive, innovative, yet realistic designs with a clear intent of being a multi-functional solution. I strive and challenge myself to create solutions that are multidisciplinary, ambitious, but most importantly practical. I have a STEM-driven mindset and love to experiment with materials and techniques. I am eager to expand my knowledge and skillset through impactful projects.

## EDUCATION

AUG 2021  
PRESENT | **PARSONS SCHOOL OF DESIGN** | NEW YORK, NY  
GPA: 3.96, Pursuing a Bachelor of Fine Arts in Product Design

## EXPERIENCE

JUN 2024  
AUG 2024 | **PRODUCT DEVELOPMENT INTERN. at JAZWARES** | PLANTATION, FL  
Worked through the development process for 2025 items, making sure the factories have all the information they need for production. Helped with quotes, organization, and distributing toy samples.

JAN 2024  
JUN 2024 | **DESIGN PRODUCTION ASST. at VARIOUS PROJECTS** | NEW YORK, NY  
Designed and tested processes for improving production. Including working with CNC Routers/Engravers and UV Printers. Assisted in design process for new and custom products.

MAY 2023  
PRESENT | **BRAND AMBASSADOR at 7th HEAVEN INC.** | NEW YORK, NY  
Represent the brand at trade and consumer events. Responsible for set-up, organization, and operation of the brand's booth, conveying the brand's message to event guests (B2C, B2B).

MAY 2023  
DEC 2023 | **RESEARCH ASST. at CIRCULAR ECONOMY MFG.** | NEW YORK, NY  
Started as a Design Intern and promoted to Research Assistant. As a part of the design team I ideated new products for rotational molding manufacturing, specifically kids' chairs. Work with the design team to ideate new products for manufacturing.

JUNE 2019  
AUG 2021 | **TEACHER'S ASST. at ONE RIVER SCHOOL** | ENGLEWOOD, NJ  
Promoted from Intern to Teacher's Assistant in under three months of employment. Helped to manage administrative work, including customer service, inventory of supplies, social media presence, and content creation. Supported teachers and their art/design processes, while providing constructive feedback to the administration on classes.
